

OAUG Participates in Oracle OpenWorld 2005

- User group facilitates presentations and Geo and SIG meetings, and participates in User Group Pavilion -

ATLANTA – Sept. 5, 2005 – The Oracle Applications Users Group (OAUG), the world’s largest user knowledgebase for Oracle® Applications users, announces its participation in the Oracle OpenWorld 2005 conference, on Sept. 17-22, in San Francisco.

At the event, the OAUG will offer 24 presentations to attendees, covering topics such as managing workflow, enhancing functionality of Oracle Applications, rules-based label management and others. These were selected from the top presentations made at the OAUG Connection Point 2005 event held in June.

The OAUG is also facilitating more than 42 meetings for prominent SIGs such as the Customer Data Management SIG, PeopleSoft Accounts Payable SIG and Business Intelligence/Data Warehouse SIG. In addition, the Northern California OAUG Geographic User Group will also be meeting during the event.

“It is very important for the OAUG to participate in Oracle OpenWorld because the event compliments our own and provides additional opportunities for us to offer expertise and learning opportunities to the global Oracle community,” said Patricia Dues, president of the OAUG. “Our participation in Oracle’s event emphasizes the unity within the Oracle community, which further enhances the value of both organizations to our members.”

During the event, attendees can find out more about membership in the OAUG and the OAUG’s initiatives at the Oracle User Group Pavilion.

About Oracle Applications Users Group (OAUG®)

The Oracle Applications Users Group (OAUG) is the world's largest user knowledgebase for Oracle® Applications users. Representing more than 2,000 member companies worldwide and more than 25 percent of the Fortune 100, OAUG provides users of Oracle Applications with education, networking, training and support via a wide range of activities including conferences, publications, special interest groups and online communities. The OAUG serves as an advocate to Oracle Corp. on behalf of all Oracle Applications users.
